Harmony, Minnesota 55939

Dear Customer,

Harmony Telephone is proud to offer a new service that will allow us to alert our customers about service outages, bill payment reminders or other information that may be important to you. This new notification service allows us to contact you via phone, email, text message or a combination of two of these methods. If you would like to be on the list to receive these notifications, please fill in your name and account # (which can be found at the top of your bill statement), the two options you would prefer and the appropriate information for that method of contact. Please note that if you choose two options, you will receive all notices by each method.
