

Harmony Telephone Company

ACH Billing Available with Online Customer Care

Harmony Telephone Company is happy to now be offering access to your telephone/DSL/cable account online. Giving you the ability to check your bill, payment history and contact Harmony Telephone all from one login. Switching to Online Customer Care does nothing different with your Automatic Bank Deduct; it just means that you would no longer receive a paper bill but an email on the 1st of the month reminding you that your bill is ready for viewing.

Below are two identical forms to get your Online Customer Care setup. The top form is for you to keep for your records and the second to be detached, filled out and returned to Harmony Telephone Company by May 15th. Your account number (10-digit number/CTV-111) will be your Username. You will need to decide a Password (6-8 letters/number). We will also need an email that you would like us to send your notification to, if you would prefer this option.
