

Windows Live Mail

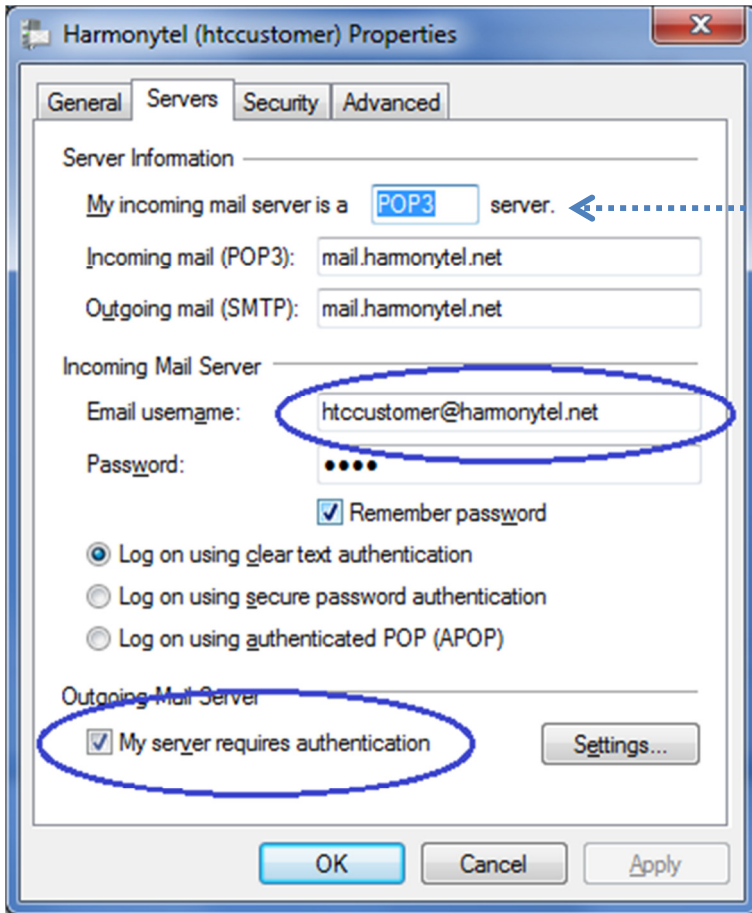

Open your Windows Live Mail program.

Click the Dark Blue drop down.
Find Options & Email Accounts.

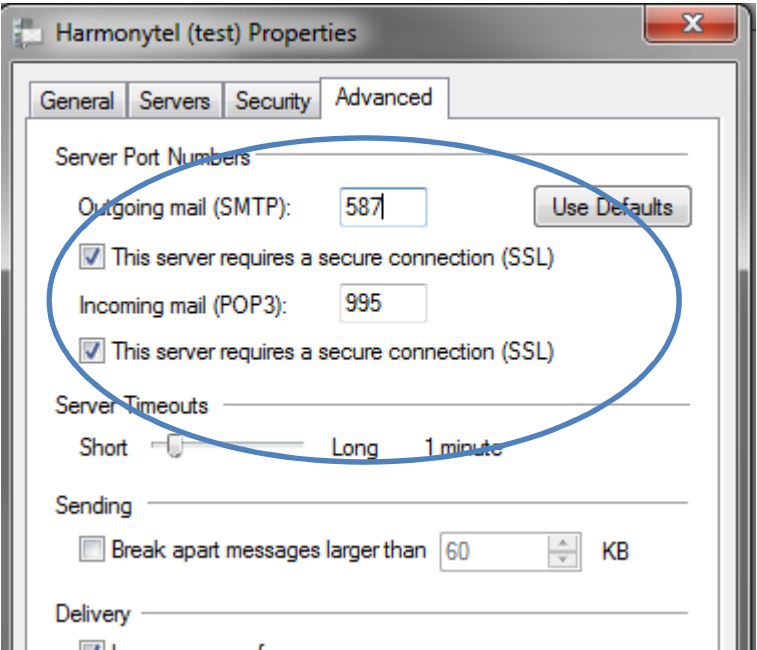

Highlight Hamonytel email &
click Properties

This location tells you if you are using an IMAP or POP3 server, if you would like to change what you are using you will need to delete and re-add your email.

Under Servers tab make sure Account Name is your **full email address** & check 'My server requires authentication.'

Under the Advanced tab change settings to match, including checking both servers require secure connection (SSL). When finished click OK at the bottom and close out the accounts window.
